### ALBA COUNTY AND PRIGNITZ DISTRICT – 2 YEARS OF PARTNERSHIP

On July 8, 2021, we celebrated two years of a partnership that brought together the communities of Alba County and Prignitz District and, especially, brought us the gain of special and reliable friends.

This partnership is the result of strong friendships and collaborations, which have lasted for more than 10 years, between Centre Region and Brandenburg Land. Alba County, as part of Centre Region, having the opportunity to get involved in this fruitful relationship of cooperation, and to be part of the many exchanges and projects that have taken place over time, wanted to initiate a cooperation agreement with Prignitz District, covering the following areas:

- · economic cooperation and encouragement of trade links
- tourism and tourism promotion
- cooperation in the field of social development
- measures to stop the phenomenon of depopulation of rural areas
- mobility of young people on the labour market
- lifelong education and training.

### NEW WORKING MEETING WITHIN THE PARTNERSHIP

## WITH PRIGNITZ DISTRICT

Between August 29 and September 1, 2021, a delegation from Prignitz District - Brandenburg Land, the Federal Republic of Germany, led by Mr. Torsten UHE - President / Administrator, was on an official visit to Alba County. On this occasion, discussions took place, and working visits were carried out in the following fields: public administration, economy, nature and environment, culture, tourism, history - archaeology and, last but not least, in vocational and dual education. Among others, were identified joint projects on hiking tourism and the creation of a pilgrimage network between Alba County and Prignitz, the creation of environmentally friendly tourist packages and their promotion in Germany, bringing groups to Alba to visit objectives such as Cheile Râmetului, Iezerul Sureanu, as well as Development of a mobility project in the field of adult education, on management and nature preservation - Erasmus Program.

The main problems that the rural environment is facing: depopulation and accentuated aging of the population
